RE: Ord. 11-14 - Real Estate Acquisition for Right of Way and Greenway
Byers Property
Casto Development

I. PROJECT BACKGROUND:

On November 25, 2013, Commercial Site Acquisitions, Inc., an Ohio corporation wholly owned by Casto Communities Management Inc. ("Casto") entered into a Real Estate Purchase and Sale Agreement (the "Agreement") with Byers Realty LLC ("Byers") for 10 acres, more or less, owned by Byers and located to the northwest of the intersection of Village Parkway and Cooper Drive in the City of Dublin (the "Property") for Four Million Six Hundred Thousand Dollars (\$4,600,000). (See Exhibit "A.") The City and Casto entered into talks regarding the City's potential interest in purchasing the Property, because the City's Community Plan and Thoroughfare Plan anticipate a future roadway (i.e. John Shields Parkway) on the center portion of the Property. John Shields Parkway is an important east-west roadway within the Bridge Street District, eventually replacing Tuller Road's full service intersection with Riverside Drive. The City hired an appraisal firm to complete an independent appraisal of the Property. The appraised value of the Property is more than ten percent (10%) higher than the Agreement purchase price.

Ordinance 11-14 authorizes the City Manager to enter into an Assignment of the Agreement ("Assignment") allowing the City to accept an assignment of Casto's rights and obligations, and to purchase the property from Byers under the same terms and conditions. The City has reviewed all of the terms and conditions of this agreement and finds them to be acceptable. In the Assignment, the City additionally agrees to pay Casto an assignment fee in the sum of Fifty Thousand (\$50,000) at closing for its extensive negotiations and the preparation of the Agreement. Although Casto is actively pursuing the development of adjacent properties to the north and east of the Property (Tuller Flats), the Assignment is not dependent upon the City's approval of, or participation in the Tuller Flats development. The Agreement provides Casto up

to thirty-six (36) months to purchase back the portion of the Property remaining to the north of John Shields Parkway right of way at the current predetermined fair market value (\$300,000/acre) or an updated independent appraised value performed nearer to the time of purchase. This acquisition facilitates the implementation of the City's Community and Thoroughfare Plans for the Bridge Street District, and is intended to be used for the extension of John Shields Parkway and its adjacent greenway.

II. ACTION TO BE AUTHORIZED BY ORDINANCE:

Ordinance No. 11-14 would allow the City Manager to execute all necessary conveyance documentation to formally acquire the aforementioned property interests.

III. RECOMMENDATION:

Staff recommends approval of Ordinance No. 11-14 at the second reading/public hearing on March 10, 2014 as the acquisition of the Property allows the City to build and extend John Shields Parkway and avoid the use of eminent domain.

Section 5.2 Existing Improvements. CSI and Dublin acknowledge that certain Improvements exist on the Development Parcel as of the Effective Date. Dublin shall be responsible for removing, at its sole cost and expense and prior to Closing, all Improvements on the Development Parcel provided that it does, in fact, obtain ownership of the Development Parcel.

Section 5.3 John Shields Parkway. Dublin acknowledges that the future right-of-way for the public street to be known as John Shields Parkway as it is found on the Property will be in the general location depicted in **Exhibit B**, which is attached hereto and incorporated herein by reference.

ARTICLE VI

DUE DILIGENCE

Section 6.1. Existing Property Information. Upon the earlier of (a) ten (10) days following Dublin's receipt of written notice from CSI that CSI desires to close on the purchase of the Development Parcel, or (b) the date that is one hundred twenty (120) days prior to the Outside Closing Date if no Closing Date has been agreed to by the Parties, Dublin shall deliver to CSI the following information to the extent that it pertains to the Development Parcel and it is within Dublin's possession or control: (i) existing surveys (including legal descriptions); (ii) soils reports; (iii) geotechnical studies; (iv) engineering studies and test reports/results; (v) governmental notices; (vi) information regarding the environmental condition of the Development Parcel, including, without limitation, environmental studies, test results and reports; and (vi) agreements with governmental entities relating to the Development Parcel. Nothing in this paragraph shall be read or interpreted to require Dublin to pay for or otherwise obtain any additional information or studies unless expressly provided elsewhere in this Agreement. CSI shall have until the expiration of the Due Diligence Period in which to terminate its agreement to purchase the Development Parcel based on any such information provided to it by Dublin.

Section 6.2 Due Diligence. The obligations of CSI under the agreement to purchase the Development Parcel are specifically conditioned upon satisfaction, as determined by CSI in its sole and absolute discretion, of all of the matters set forth in this Article VI prior to the

expiration of the Due Diligence Period. At CSI's sole cost and expense, CSI shall have the Due Diligence Period in which to investigate and inspect the Development Parcel and matters of concern to CSI related to or that may affect the Development Parcel in order to satisfy itself, in its sole and absolute discretion, among other things, as to the matters set forth in this Section 5.2. CSI agrees to exercise commercially reasonable efforts to undertake and satisfy itself with its due diligence investigation of the Development Parcel within the Due Diligence Period. In furtherance of CSI's investigation and inspection of the Development Parcel, Dublin hereby grants to CSI a revocable, non-exclusive license for itself and its agents, employees, contractors, and consultants to enter upon the Development Parcel during the Due Diligence Period for the purposes of conducting such tests, investigations and inspections as it may deem appropriate. The term of the license granted herein shall begin on the first date when Dublin has ownership of the Development Parcel and shall end upon the earlier of (i) the expiration of the Due Diligence Period, or (ii) the termination of this Agreement by either Party. CSI agrees to indemnify Dublin for all costs, expenses, claims, injuries, or damages arising from the exercise of the license that has been granted in favor of CSI pursuant to this paragraph.

During the Due Diligence Period, it is contemplated by the Parties that CSI's activities will include, without limitation, an investigation and determination by CSI of whether the Development Parcel can economically and feasibly be used and enjoyed by CSI for the development, construction, and operation of its Intended Use. Such investigations and determinations shall be made by CSI in its sole and absolute discretion and may be based on any matter or concern related to or that may affect the Development Parcel. CSI's investigations and determinations may include, without limitation, the following matters:

(a) CSI's determination that the Development Parcel is suitable for CSI's intended development, construction, and use of the Intended Use;

(b) CSI's determination that the Development Parcel has soils that are appropriate for the development of the Intended Use;

(c) Receipt by CSI, at its sole cost and expense, of a Phase I Environmental Site Assessment for the Development Parcel that is acceptable to CSI in its sole and absolute discretion. If the Phase I Environmental Site Assessment report recommends a Phase II Environmental Site Assessment, CSI may obtain such an assessment to determine whether the Development Parcel has environmental issues or concerns that make the development of the

Intended Use impossible, impracticable, or undesirable. Nothing in this Agreement shall be construed to require Dublin to take any remedial action with respect to the Development Parcel. Any assessments and/or reports procured by CSI pursuant to this paragraph shall be procured at CSI's own expense and shall be held confidential by CSI, may only be disclosed to any prospective lender of CSI or to any consultants or legal counsel of CSI, or if required by law;

(d) CSI's determination to CSI's satisfaction that the Development Parcel has satisfactory access to and from a public street for the Intended Use; and

(e) CSI being satisfied that (A) the appropriate utilities are available to serve the Development Parcel such as, but not limited to, gas, electric, water, sewer, telephone and cable, and that the sizes and volumes are adequate for the Intended Use and are extended to the property line of the Development Parcel.

The foregoing contingencies may be waived by CSI at any time prior to the expiration of the Due Diligence Period for the purchase of the Development Parcel, as the same may be extended hereunder. In the event that CSI is unable to satisfy these contingencies, CSI shall have the right to elect to terminate the Agreement to purchase the Development Parcel by notice to Dublin at any time prior to the expiration of the Due Diligence Period for the purchase of the Development Parcel . If CSI fails to notify Dublin in writing on or before the expiration of the Due Diligence Period for the purchase of the Development Parcel that all contingencies listed in this Section 6.2 have not been satisfied or waived, including an election by CSI to terminate this Agreement to purchase the Development Parcel on account thereof, then all contingencies shall be deemed satisfied and/or waived. In the event that the Agreement to purchase the Development Parcel is terminated, then CSI shall assign to Dublin at no charge all of its rights in any of the studies or investigative reports that it has procured as a result of its due diligence investigations.

Section 6.3 Title; Survey. CSI, at its sole cost and expense, shall obtain a Commitment for the Development Parcel from the Title Company at least ninety (90) days prior to the Closing Date on the purchase of the Development Parcel and, once received, shall promptly deliver a copy of the same to Dublin. CSI, also at its sole cost and expense, shall obtain the Survey and an associated legal description of the Development Parcel at least sixty (60) days prior to the Closing Date and, once received, shall promptly deliver a copy of the same to Dublin and the Title Company.

If any matter shown on the Commitment or the Survey is objectionable to CSI, then no later than the date that is fifteen (15) days following the first date when both the Commitment and Survey have been delivered to CSI it shall provide written notice to Dublin setting forth any matters to which CSI objects (the “Objections”). Dublin shall have until the date that is ten (10) days following its receipt of the Objections in which to deliver written notification to CSI of its willingness to cure such Objections and its plan for curing the same or, in the alternative, its election not to cure the Objections (in either case, the “Cure Notice”). CSI may elect, by providing written notice to Dublin on or before the date that is ten (10) days following its receipt of the Cure Notice, to either (a) proceed under the terms of this Agreement and take title to the Development Parcel subject to the uncured Objections, or (b) terminate this Agreement, in which case the parties shall have no further obligations to one another hereunder.

Notwithstanding any provision hereof to the contrary, (i) mortgages and other liens given by Dublin or its predecessors in interest against the Development Parcel to secure indebtedness shall not be the subject of any Objection, and Dublin shall cause such liens to be discharged at its sole cost and expense prior to or at the Closing without the requirement of any notice or demand by CSI, and (ii) taxes and assessments a lien but not yet due and payable shall not be the subject of any Objection and CSI shall accept title to the Property subject to the same. At the Closing or within a reasonable time thereafter, CSI shall pay for and cause the Title Company to issue the Owner’s Policy for the Development Parcel.

Not later than ten (10) days prior to the Closing Date, and again on the Closing Date, CSI may request the Title Company to deliver to CSI an updated Commitment showing the status of title to the Development Parcel. If any new title encumbrance appears in the updated Commitment which was not identified in the originally issued Commitment and CSI provides to Dublin written objections thereto within five (5) days after receipt of the updated Title Commitment, then Dublin shall be obligated to make good faith efforts to remove or otherwise cure such title encumbrance(s) prior to Closing. If CSI should fail to give to Dublin any such written objection within said five (5) day period, then the Parties shall proceed to close this transaction on the Closing Date.

Section 6.4 Lot Split or other Action. If necessary, in order to facilitate the transfer of ownership of the Development Parcel to CSI, an application to split and/or subdivide the Development Parcel from the Property shall be required so that following the Closing the

Development Parcel will be contained within a tax parcel that is separate from the Property. Dublin shall be required to file and process an application to subdivide the Development Parcel into its own tax parcel at no expense to CSI. Dublin shall make reasonable good faith efforts to approve the lot split/minor subdivision application at least five (5) business days prior to Closing. The lot split shall be effectuated by the delivery of the Deed by Dublin to CSI and the recording of the Deed with the Recorder. Dublin's failure to timely approve the lot split application contemplated in this paragraph shall vest in CSI the right to terminate the Agreement to purchase the Development Parcel.

ARTICLE VII

EVENTS OF DEFAULT AND REMEDIES

Section 7.1 General. Except as otherwise provided in this Agreement, in the event of any default under or breach of this Agreement or any of its terms or conditions by either Party hereto, such Party shall, upon written notice from the other, proceed, within ten (10) days after receipt of such notice to cure or remedy such default or breach. In the event such default or breach is of such nature that it cannot be cured or remedied within said ten (10) day period, then in such event the Party shall upon written notice from the other commence its actions to cure or remedy said breach within said ten (10) day period, and proceed diligently thereafter to cure or remedy said breach. In case such action is not taken or not diligently pursued, or the default or breach shall not be cured or remedied within a reasonable time, the aggrieved party may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default or breach.

Section 7.2 Other Rights and Remedies; No Waiver by Delay. Dublin and CSI shall each have the right to institute such actions or proceedings as it may deem desirable for effectuating the purposes of, and its remedies under, this Agreement, provided that any delay by either party in instituting or prosecuting any such actions or proceedings or otherwise asserting its rights under this Agreement shall not operate as a waiver of such rights or to deprive it of or limit such right in any way (it being the intent of this provision that neither party should be constrained, so as to avoid the risk of being deprived of or limited in the exercise of the remedy provided in this Agreement because of concepts of waiver, laches, or otherwise, to exercise such remedy at a time when it may still hope otherwise to resolve the problems created by the default

involved); nor shall any waiver in fact made by either party with respect to any specific default by the other party under this Agreement be considered or treated as a waiver of the rights of such party with respect to any other defaults by the other party this Agreement or with respect to the particular default except to the extent specifically waived in writing.

Section 7.3 Force Majeure. Except as otherwise provided herein, neither Dublin nor CSI shall be considered in default in its obligations to be performed hereunder, if delay in the performance of such obligations is due to unforeseeable causes beyond its control and without its fault or negligence, including but not limited to, acts of God or of the public enemy, acts or delays of the other party, fires, floods, unusually severe weather, epidemics, freight embargoes, unavailability of materials, strikes or delays of contractors, subcontractors or materialmen but not including lack of financing capacity; it being the purpose and intent of this paragraph that in the event of the occurrence of any such enforced delay, the time or times for performance of such obligations shall be extended for the period of the enforced delay; provided, however, that the Party seeking the benefit of the provisions of this Section 7.3 shall within ten (10) days after having actual knowledge of the beginning of such enforced delay, notify the other Party in writing thereof and of the cause and of the duration thereof.

ARTICLE VIII

CONDITIONS PRECEDENT TO CLOSING

Section 8.1 Conditions Precedent to Dublin's Obligation to Close. Dublin's obligation to close on the sale of the Development Property to CSI as provided under this Agreement shall be contingent upon the satisfaction and/or waiver by Dublin of the following matters at or prior to Closing:
